9.2. Deputy Chief Executive Officer

9.2.1. Accounts Paid by Delegated Authority – June 2018

File:	ADM0071
Reporting Officer:	Warren Olsen – Deputy CEO
Date of Report:	14 July 2018
Date of Meeting:	25 July 2018
Disclosure of Interest:	Nil

Purpose

The purpose of this report is to present the list of accounts paid by delegated authority of the Chief Executive Officer during June 2018.

Background

The list of accounts paid during the period 1 June to 30 June 2018 is attached to this agenda as Appendix 9.2.1. (pink pages)

Comment

Payments again increased in June (compared to previous months) due to progress payments made on our Staff Housing and new Shire Administration Building and roadworks projects.

The appendix lists credit card payments for April as well as May. The April payments should have been included in the May list but were processed in the wrong accounting period.

Consultation

Nil

Statutory Environment

Sub-regulation 13 (1) of the Local Government (Financial Management) Regulations 1996 requires that a list of accounts paid by the CEO is to be prepared each month showing for each account paid since the last such list was prepared —

- (a) the payee's name; and
- (b) the amount of the payment; and
- (c) the date of the payment; and
- (d) sufficient information to identify the transaction.

Sub-regulation 13 (3) of the Local Government (Financial Management) Regulations 1996 provides that such a list is to be:

- (a) presented to the council at the next ordinary meeting of the council after the list is prepared; and
- (b) recorded in the minutes of that meeting.

DISCLAIMER READING

Resolutions are not considered final until the minutes of the meeting are confirmed.

Members of the public should also note that they act at their own risk if they enact any resolution prior to receiving official written notification of Council's decision.

That the list of accounts paid by authority for the period 1 June 2018 to 30 June 2018, totalling \$2,020,748.12, be received and noted.

CARRIED6/0**Resolution 079/18****9.2.2. Financial Investments – June 2018**

File: ADM 0071
Reporting Officer: Warren Olsen – Deputy CEO
Date of Report: 14 July 2018
Date of Meeting: 25 July 2018
Disclosure of Interest: Nil

Purpose

The purpose of this report is to present to the Council information regarding the financial investments as at 30 June 2018.

Background

The Shire of Wiluna's policy no. 2.21 - Financial Investment Policy requires that a monthly report is to be presented to the Council "detailing the performance of all investments". Further, it requires that an investment register is to be maintained.

The investments of both reserve accounts and non-reserve municipal funds as at 30 June 2018 are presented as Appendix 9.2.2. (blue pages)

DISCLAIMER READING

Resolutions are not considered final until the minutes of the meeting are confirmed.

Members of the public should also note that they act at their own risk if they enact any resolution prior to receiving official written notification of Council's decision.

Comment

Reserve Account Funds: At the end of June a number of adjustments were made to Reserve Accounts as is normal at the end of the financial year. These are presented on the second page of Appendix 9.2.2, headed "Movements to and from Reserve Accounts as at 30 June 2018".

Two term deposits from the Reserve Fund investment pool matured during June paying interest of \$6,868 and \$2,601, and \$341 interest was earned on the Reserve Call Deposit Account. So total interest earned by the Reserve Fund investment pool amounted to \$9,810, which was distributed among the reserve accounts (excluding the Unspent Grants Reserve and Retentions Reserve) proportionately to their contribution to the investment pool as presented in the bottom half of the table shown in Appendix 9.2.2.

New lines have been added to the list of reserve accounts to show the new reserve accounts created by the Council in the last quarter of 2017-2018.

Non-Reserve Municipal Funds: The funds are currently deposited in four "call deposit" accounts which yield higher interest than the normal chequing account.

During the month we opened a call deposit account with Bankwest (called a "Money Market Deposit Account"), which gives us more options for diversifying our "at call" investments. Bankwest also offers very competitive interest rates which help us negotiate better deals with other banks.

During the month of June, two non-reserve term deposits matured paying interest in the amounts of \$8,802 and \$3,892 and our call deposits earned interest of \$2,962 and \$1,637. So interest received from non-reserve municipal fund investments totalled \$17,293.

The interest of \$1,637 earned on our AMP Bank Business Saver Account is also shown as a "transfer out". This is because the interest earned on this account is paid directly into our Municipal Fund account at ANZ Bank.

We are currently keeping quite high levels of non-reserve municipal funds "at call" because of high cash-flow demands due to the numerous projects currently being completed. Appendix 9.2.2 shows significant transfers both into and out of our "at call" investment accounts, and these were both to meet cash requirements for operations as well as for portfolio rebalancing reasons.

Total non-reserve municipal fund investments as at the end of June stood at \$6,793,334 (down from \$7,671,364 at the end of May). This does not include the balance of funds held in the "Municipal Account" for day-to-day transactions.

Consultation

Nil

Statutory Environment

The power to invest is derived from section 6.14 of the Local Government Act 1995. The funds can only be invested in ways approved for the investment of trust funds under Part III of the Trustees Act 1962.

DISCLAIMER READING

Resolutions are not considered final until the minutes of the meeting are confirmed.

Members of the public should also note that they act at their own risk if they enact any resolution prior to receiving official written notification of Council's decision.

Regulation 19 of the Local Government (Financial Management) Regulations 1996 requires the establishment of control procedures to enable the identification of –

- the nature and location of all investments; and
- the transactions related to each investment.

Risk Assessment

Our primary tools for managing our investments risks are:

-) The Shire's policy on financial investments (Policy no. 2.21), which was reviewed and amended at the Council meeting held on 10 October 2017; and
-) Diversification of investments.

I undertook to present pie graphs in future investment reports to assist the Council in monitoring the diversification of our investments.

Chart 1 below shows (for purpose of comparison) the distribution of investments at the end of April, and Chart 2 shows the distribution of investments on 1 June.

Chart 1

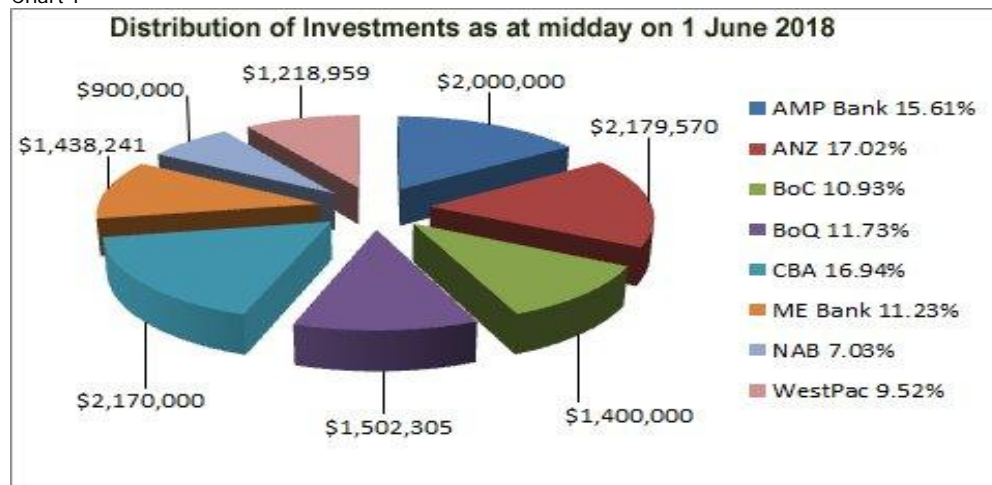

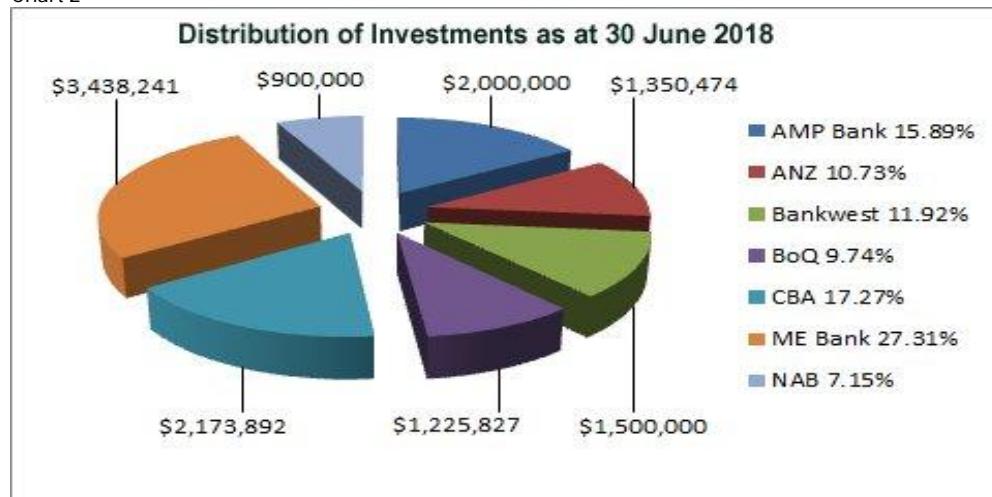

Chart 2

DISCLAIMER READING

Resolutions are not considered final until the minutes of the meeting are confirmed.

Members of the public should also note that they act at their own risk if they enact any resolution prior to receiving official written notification of Council's decision.

As can be seen, our investments at the end of June are spread among 7 banks, and our exposure to ANZ has decreased despite keeping more funds “at call” to meet cashflow requirements at this time of very high expenditure. Non-reserve “at call” investments have risen from \$4,169,059 at the end of May to \$6,793,334 at the end of June.

Exposure to ME Bank has risen above the usual parameters; however, this is only a short-term situation that will be corrected in July.

Policy Implications

All investments are made in compliance with Policy No. 2.21 - Financial Investments Policy.

Financial Implications

Interest earned from investments is an income for the Shire.

Interest attributable to reserve account investments is credited to the reserve accounts (except the Unspent Grants reserve account and the Retentions Reserve account) on a pro-rata basis. Interest on investment of surplus general funds is treated as general revenue.

Strategic Implications

Effective governance and administration of Shire’s services and prudent financial management underpin the ability of the Shire to effectively deliver services and programmes.
