CARMODY, Timothy

My name is Tim Carmody, married to my wonderful wife of 40 years, have 4 adult children and 3 grandchildren.

I am a strong believer in business development and what this can bring to the Wiluna community.

I have done extensive work developing businesses in Australia, Zimbabwe and China, mining and agriculture.

My family have farming properties in both Esperance and Wiluna. We are committed to the development of the region with a focus on Station development, Mining and Tourism.

I believe that the best way to develop an area and community is to develop opportunities for the people.
