# **PETERSON, Stacey**

My name is Stacey Petterson I am a local who has been in Wiluna for 20 plus years. I have a strong community mind which has gotten me to where I am today. I have knowledge of the council as I have served on council in previous years. I would love to see things happen within the town and am willing to help it grow with my knowledge. My elders have pushed me to be here to talk and communicate with the local council and members of what they hope for in the future. We need to strive for better outcomes for Wiluna.
