EVERYONE IS WELCOME!

Hello and welcome to the June edition of the *Wiluna Wire*. In this edition we have submissions from a number of Wiluna agencies and individuals. We would love to make the *Wiluna Wire* into an informative, interesting and entertaining newsletter, that includes submissions from all sections and ages of the Wiluna community. The newsletter will only be as good as the submissions we receive!

If you have any feedback, suggestions and or submissions, please come into the Wiluna Shire and have a chat. Contact can also be made by phone— 9981 8000 or email admin@wiluna.wa.gov.au

CEO's Report

The Shire has been steadily working on the renovation of the Heritage and Interpretative Centre (Old Wiluna Hospital) over the past twelve months. This stage of the project is due to reach practical completion by the end of June 2017. However minor renovation work will still be needed as the Shire also requires permission from the Heritage Council to install the lattice around the outside of the buildings, which is to improve safety and provide a higher level of access control.

The Arts Centre is expected to be reopened at the end of July 2017 when the facility manager commences her employment with the Shire. The main building is expected to be reopened to the public once the interpretation stage has been completed. At this time, the interpretation project is expected to take around six months to complete as the Shire is committed in delivering a high quality result.

Shire representatives will be attending the 2017 Developing Northern Australia Conference this month. Topics to be presented and discussed include land and water; food and agribusiness; forestry; resources and energy; tourism and hospitality; international education; healthcare and medical research; infrastructure; workforce opportunities; indigenous-led northern development; and developing strategic links as the Gateway to Asia.

It with a sad heart that I advise the community that Councillor Chris Webb has just resigned from Council after many years of dedicated service. I would like to take this opportunity to thank Chris for her dedicated service to the Wiluna community and wish her and her family all the best with their future endeavours.

GRV Mining	335
UV Rural	335
UV Exploration and Prospecting	335
UV Mining	335

A copy of the objectives and reasons is available for inspection at the Shire of Wiluna Administration Office, Scotia Street Wiluna 6646. A copy of same is also available on the Shire's website www.wiluna.wa.gov.au

Submissions from ratepayers and electors are invited in respect of the proposed rate or minimum payment and any related matters. Submissions must be received in writing by the Shire no later than **4.00pm Friday 23 June 2017**, and are to be addressed to the Chief Executive Officer, Shire of Wiluna, PO Box 38 Wiluna WA 6646.

**2017-18
OBJECTIVES AND REASONS FOR LEVYING DIFFERENTIAL
RATES**

At its Ordinary Meeting of Council held 31 May 2017, the Council of the Shire of Wiluna resolved the following objectives and reasons for levying differential rates and minimum payments:

1. The overall objective for differential rating is an attempt to ensure revenue is collected on an equitable basis, enabling the Shire to provide facilities, infrastructure and services to the entire community.
2. The Shire of Wiluna provides services to a diverse region consisting of Wiluna townsite, rural/pastoral, mining and exploration & prospecting. All sectors benefit from the services provided by the Shire, though it is inevitable that some sectors may benefit more from any particular service. Persons operating within all sectors have the right to use the services provided and the Shire does not seek to restrict the use of its services by any sector, though some will have a greater capacity to contribute to the Shire's revenue than others.
3. To levy an appropriate minimum rate that more closely reflects the costs of servicing lots within the townsite and the whole Shire area, and to ensure that a minimum contribution is made by all ratepayers for the benefit of the district.
4. As a means to maintain a balanced budget position with a reasonable contribution from all rating categories and a reasonable approach by the Council in regard to increases.
5. To correct over time a disparity between the UV rates applicable to mining and the UV rates applicable to exploration and prospecting.

Submissions from ratepayers and electors are invited in respect of the proposed rate or minimum payment and any related matters. Submissions must be received in writing by the Shire no later than **4.00pm Friday 23 June 2017**, and are to be addressed to the Chief Executive Officer, Shire of Wiluna, PO Box 38 Wiluna WA 6646.

Submission can
be:

- Emailed to ceo@wiluna.wa.gov.au
- Mailed to PO Box 38 Wiluna WA 6646
- Hand delivered to the Shire Office, Scotia Street Wiluna 6646, Monday to Friday between 8.30am and 4.00pm.

Our dream is to teach our kids and other children the true value of the ocean and its impact on the environment. How to care for it and the animals that live in its beauty. To do this we would like to upgrade our small boat to a larger vessel that could accommodate groups of children for educational ocean charters. If we can raise the money to get started we would then volunteer our time and the boat to make it available to school groups, surf lifesaving cadets, scouting groups, and any other institution or group that could benefit by educating children. It would be awesome to also provide this for children with disabilities who would otherwise not have access to an experience like this. We are not looking to make money from these groups but to offer our services and time for free so that they can greatly expand on their current educational programs and offer children a deeper understanding of marine conservative and the important role the oceans play in our delicate environment. We would like to achieve this within the next 12 months and then devote at least 3-5 years to running the School of the Ocean.

Ideally we would purchase a catamaran as it has the space for at least 10 - 18 kids to sit around a table to discuss and work together in a hands on environment, as well as the capacity to store enough scuba and snorkel equipment for a group and to provide catering and possible overnight trips.

We also invite any other businesses or charitable groups that would like to be involved to contact us so we can spread this message far and wide.

We really hope that you can provide us some support to achieve this dream and also please follow our social channels:

Sudoku

Sudoku, is a logic-based, combinatorial number-placement puzzle. The objective is to fill a 9×9 grid with digits so that each column, each row, and each of the nine 3×3 subgrids that compose the grid contains all of the digits from 1 to 9. The puzzle setter provides a partially completed grid, which for a well-posed puzzle has a unique solution.
