CEO's Report

The Murdoch Vet program is expected to be back in Wiluna in April 2019. This time, instead of the two-day vet clinic in Wiluna the service will be held over one week. Further information about this exciting program will be made available closer to their arrival.

The Wiluna's 2019 Australia Day Celebration commenced at the new time of 2.00 pm to encourage greater participation, which appeared to work as there was a much greater turnout than in 2018, which resulted in a higher turnout, particularly by the younger members of the community. Unfortunately, the heavy rain prevented the continued use of the Wiluna Public Swimming Pool so the celebrations continued at the Wiluna Recreation Centre.

The Shire will be holding a Bingo Night in the Moonlight Hall at 6.30 pm on the 27 February 2019, so put this date in your diary. For further information about other activities and events please read the enclosed "Recreation Centre Activities Calendar".

The purchase order has been issued to establish some hotspots for free WIFI around Wiluna. The areas around Wiluna that will have this service connected will be the Wiluna Recreation Centre, Wiluna Public Swimming Pool, Moonlight Hall and Public Library.

It is expected that the new radio equipment will arrive in Wiluna in another two to five weeks.

Chinese New Year

2019

The Chinese New Year, or Spring Festival, has more than 4,000 years of history and is the longest holiday of the year. Chinese New Year ranges from January 21 to February 20. The Chinese New Year begins on Tuesday 5 February this year.

Chinese New Year is also known as the Spring Festival. In China, you'll hear it being called chunjie, or the Spring Festival. It is still very wintry, but the holiday marks the end of the coldest days. People welcome spring and what it brings along: new beginnings and a fresh start.

There is no set date for Chinese New Year. According to the Lunar calendar, the Spring Festival is on January 1st and lasts until the

15th (the full moon). Unlike western holidays such as Christmas, when you try to calculate it with the solar (Gregorian) calendar, the date is all over the place.

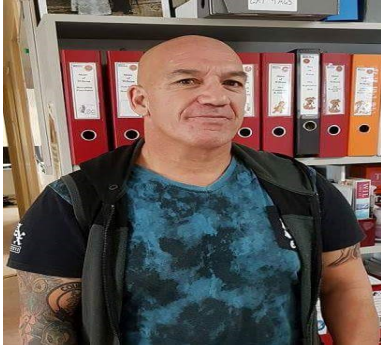

The myths are very interesting. According to one legend, there was a monster named Nian. It would come about every New Year's Eve. Most people would hide in their homes.

But one boy was brave enough to fight him off using firecrackers. The next day, people celebrated their survival by setting off even more firecrackers, and that practice became a crucial part of the Spring Festival.

As in the myth about Nian, firecrackers are supposed to scare off monsters and bad luck. So people stay up on Chinese New Year's Eve and set off firecrackers at midnight. In the morning, firecrackers are used again to welcome the new year and good luck. That same night families also burn fake paper money and printed gold bars in honor of their deceased loved ones. They believe the offerings will bring fortune and good luck to their ancestors in the afterlife.

Some things that are taboo during Chinese New Year are, Hair cutting, using

Recreation & Leisure Coordinator Report

It's been a rather quiet month with many families having been away over the school break, and the weather has been hot which has seen the pool being utilized daily by the families and children in town.

Children have attended the centre through out the month to play pool, basket ball and complete art projects. The children got to create personalized coffee cups, by using porcelain pens to create designs on and they were baked on to their coffee mug in the oven.

Linaire had two groups of young ladies in for cooking classes during the last three weeks of the break with the young people making muffins, while being taught the basics around baking and kitchen hygiene.

We had a back to school/end of holiday program where the children shared food and time on Thursday 31 January, with the children drifting in from the swimming pool throughout the afternoon, they spent their time playing pool and ball games outside before the start of school.

The Australia Day Pool Party started with families coming to swim and enjoy the day's events from 1.30pm, around 2.30pm we started the Australia Day quiz competition for the children. All age groups got into the spirit of the day except the teenagers, the end result of that being I was able to give out more prizes to the children who did choose to participate.

Around 3.30pm we decided to spark up the barbeques before they had time to get hot the heavens opened up and unleashed a very impressive storm, with the weather doing its best to dampen the day. As the children danced in the rain, the decision was made to retreat to the Rec Centre for our tea, watch a movie and dry out. Thank you to Katrina, Raj and Colin for coming down to help out at the pool, it is always good to hang out with work colleagues outside of work.

Around 4.30pm the movie was started while Linaire and I along with several locals started preparing and cooking dinner, once tea was ready to be eaten we lined the children up and the local ladies served up the meal for the children and once this was completed the parents set about getting their meal, and we cleaned up after everyone had eaten, with lolly bags being handed out for the trip home at 7.00pm.

If your home is targeted by burglars

If you suspect someone's inside your house, don't go inside, go to your neighbour's house and call the police.

If you see an intruder leaving your home, make a note of their physical appearance, what sort of vehicle they're driving, including the number plate. Those details will be important when you report the burglary on 131 444.

If the burglar has gone, don't touch anything. Police may be able to gather evidence including any DNA or fingerprint samples. New police technology is catching more criminals, faster.

Report stolen credit cards and cheques to your bank as soon as possible.

Check with your neighbours to see if they noticed anything suspicious.

Contact your insurance company which will ask for your police incident report number. An assessor may want to visit and will want full details of what's been taken.

Ruin a burglar's day—secure your home and improve the safety of your local neighbourhood by:

- ◆ Keeping your home locked if you are at home or out. In over a third of WA's burglary cases the burglars have climbed through an open window or walked through an unlocked door.
- ◆ Engraving/markings your driver's licence number onto your property for easy identification.
- ◆ Recording serial numbers of items such as TV's, ipods, stereos, tablets, laptops and mobile phones.
- ◆ Photographing your property.
- ◆ Trimming or clearing trees or shrubs which may prevent a clear view of your house.
- ◆ Installing quality security lighting and burglar alarms
- ◆ Having quality deadlocks on all your external doors and using key locks on your windows.
- ◆ Installing security screens so you can have your windows open without inviting burglars in
- ◆ Joining Neighbourhood Watch through the website www.nhw.wa.gov.au or by calling your local police station to speak with Darren Saunders Acting Officer In Charge at Wiluna Police Station on 08 9981 7024.

February Fun Facts

February was added to the Roman Calendar in 713BC. The length of the month changed over time and, at one time, it has as few as 23 days. When Julius Caesar remade the Roman Calendar, the month was assigned 28 days during normal years and 29 days leap years which occurred every four years.

February's Birthstone is Amethyst

The ancient Greeks believed that Amethyst protected the wearer from drunkenness and symbolizes peace, protection, tranquility and sincerity

February's birth flower is Violet or Iris

The zodiac signs for February are Aquarius and Pisces

February Fun Facts

February has 28 or 29 days. The 29th day is every 4 years during leap year

February is named after the purification ritual Februay, which was a sort of early Roman spring cleaning festival.

FEBRUARIE

In Old English, February was called Solmonath (Mud Mouth) or Kale-moath (Kale or cabbage month)

February 1865 is the only month in recorded history not to have a full moon

February frequently occurs in lists of the most commonly misspelt words in the English language
